SUMMARY

I'm a results-driven software Engineer with a proven track record of building high-quality web and mobile applications. My approach to the software development life cycle is comprehensive, and I'm deeply invested in every stage of the process, from initial design to maintenance and optimization. My expertise extends to a wide range of tools and technologies, including: Html, CSS, JavaScript, TypeScript, React.js, Firebase, Tailwind CSS, and GitHub.

EDUCATION

OLABISI ONABANJO UNIVERSITY   **Ago Iwoye, Ogun State**
B.Eng in Computer Engineering   Sept 2017 - 2023

ALTSCHOOL AFRICA   **Lagos State, Nigeria**
Diploma, Software Engineering   2022

PROFESSIONAL EXPERIENCE

GoNomad   **Remote, United States | May 2023 - Present**
Lead Frontend Engineer

- Converted design mockups to high-quality frontend components and optimized app performance using JavaScript, TypeScript, and React.
- Supervised and led a team in developing an upgraded version of the company's software, significantly improving user experience and increasing revenue within 3 months.
- Translated client and design requirements into intuitive software solutions, enhancing application features to address bugs and optimize performance.
- Leveraged engineering expertise to drive product development from ideation to deployment, boosting business efficiency.

Tongston Group   **Remote, Abuja | Mar 2023 - Dec 2023**
IT Graduate Officer

- Developed intuitive and visually appealing user interfaces for web applications using React.js.
- Collaborated closely with UI/UX designers and backend developers to ensure seamless integration and functionality.
- Optimized the frontend application for quick loading, responsiveness, and a smooth user experience.
- Actively engaged with stakeholders to incorporate feedback and refine the development process.
- Conducted code reviews and implemented best practices to maintain a high standard of code quality.

ScholarshipIQ   **Hybrid, Lagos | Jul 2022 - Mar 2023**
Frontend Engineer

- My core focus is on creating an exceptional user experience by building intuitive and visually appealing interfaces that make scholarship-iq.com application easy to use.
- I work diligently to optimize the frontend app to ensure quick loading times, and enhance responsiveness, and overall performance to provide a seamless user experience.
- I utilize my expertise in frontend development to craft clean, concise, and maintainable code that adheres to best practices, industry standards, and guidelines.
- Collaborating with my team, I actively participate in code reviews, providing feedback that focuses on enhancing code quality, maintainability, and scalability.
- Performed unit and integration tests for the codebase

DevAngles Infotech   **Remote, India | Feb 2022 - Sept 2022**
Software Engineer

- Converted designs and mockups into high-quality frontend components using JavaScript and React.
- Consumed APIs within React applications for seamless data integration.
- Implemented Firebase for database, authentication, cloud storage, and hosted React applications on it.
- Optimized the frontend app for increased performance and speed.
- Conducted code reviews to ensure adherence to coding conventions.
- Deployed React applications on Google Cloud Platform (Google App Engine).

Bincom Dev Center   **Yaba, Lagos | Aug 2021 - Mar 2022**
Mobile App Developer

- Transformed designs and mockups into high-quality frontend components using JavaScript and Angular.
- Developed mobile applications using Cordova, Angular, and Ionic frameworks.
- Responsible for maintaining the company's mobile applications.
- Documented tasks and processes for reference and clarity.
- Implemented new features for mobile applications.
- Technologies used: Angular, Ionic, React, and Cordova.

SKILLS AND EXPERTISE

- **Frontend**: HTML5, CSS3, JavaScript (ES6+), Typescript, React, Next.js, Tailwind CSS
- **Backend**: Node.js, Express, MongoDB, Firebase Services
- **Version Control**: GitHub, GitLab, and Bitbucket.
- **Soft Skills**: Communication, Problem Solving, Team Player, Time Management, Leadership

CERTIFICATIONS

- Software Development certificate (Altschool Africa) (Certificate Link)
- Jobberman soft skills certificate (Certificate ink)
- FreeCodeCamp Responsive Web Design (Certificate Link)
